This is the first announcement of the XIIth Nordic Conference on Nuclear Physics to be held in Stockholm, Sweden from June 13 - 17, 2011. It is the twelfth in series of quadrennial international conferences focusing on various aspects of nuclear and hadron physics, including applications.

Topics to be covered include:

- **Nuclear structure and reactions**
- **Hadron structure and spectroscopy**
- **Nuclear astrophysics**
- **Hot and dense QCD**
- **Standard Model tests and symmetries**
- **Nuclear applications**

CONTRIBUTIONS AND PROCEEDINGS

Deadline for abstract submission is April 20, 2011. All accepted contributed papers will be selected for oral presentation or for poster presentation. Accepted papers will be published in the Conference Proceedings (details to be announced) after being subject to a standard peer review procedure.
